This is a web site for you, which uploads patient information from our computer to a secure web server. ManageMyHealth™ is a place where you can access medical information specific to yourself. You can make notes and entries that you may make accessible to practice staff if you wish. It is a two-way secure electronic communication.

Repeat Prescriptions

We encourage you to use the Repeat Prescription service. You will receive an email when your doctor has done the prescription. Please allow 3 working days for this service. If you need a prescription urgently, please phone the practice. Prescription fees will apply.

Test results

We would like to use ManageMyHealth™ as one of the ways of notifying you of test results. When we file a result you will be sent an email saying your record has been updated. Please DO NOT switch off the automatic notification box in your Inbox setup.

Your 'Lab Results' section in the 'Health Summary' option will have your results. One column has your doctor's comments on the test. For more detail click the blue 'i' button. Follow up of abnormal results can be done with a phone consult or with MANAGEMYHEALTH, all of which will incur a charge.
